Two Step en Acadie (English version)

Words: Martine Girard &BLOU
Music: BLOU

Lookin' for a little fun A little fun under the sun Somewhere just you and me, Cherie In the land of Acadie

Dancing to that crazy beat The kind of groove that moves your feet Me and ma Jolie chérie Un p'tit two step en Acadie

Chorus 1:

Running with the wind And howlin' at the moon When I look into your eyes I see nothing but blue skies

Solo violon One verse

Take my hand my little girl
Take a trip around the world
Let's find out what we can see cherie
In this world called Acadie

Chorus 2:

Running with the wind And howlin' at the moon But when I look into your eyes I see nothing but blue skies

When the night has come And this world is asleep I lose myself between your arms When we make love under the stars

Solo Accordéon one verse

Lookin' for a little fun A little fun under the sun Somewhere just you and me, Cherie In the land of Acadie Dancing to that crazy beat The kind of groove that moves your feet Me and ma Jolie chérie Un p'tit two step en Acadie

Ref 2: Running with the wind And howlin' at the moon But when I look into your eyes I see nothing but blue skies

> When the night has come And this world is asleep I lose myself between your arms When we make love under the stars

Solo Violon One verse

End with a missed cha cha cha
